Mike,
 I am in the office until about 3pm today. Please call when you have time. If I miss your call I will get back to you as soon as possible.

Thanks,
 Dakota

Hi Dakota -

Sorry that I did not get back to you sooner. Now that the weather has gotten better, we have a tremendous work load with folks wanting postponed fieldwork to be completed. I was out testing all day Friday and just got back in to the office today. I do expect to be in all day Tuesday (tomorrow) and am hoping I can call you to discuss any concerns or questions that you have. Is there a good time to reach you tomorrow when you might have a little time? Thanks

Michael (Mike) Huenink

> Attached is the test notification for the Mid-America Steel Drum - Oak Creek facility that was sent (overnight, requiring signature) to the Region 5 EPA office this afternoon. This testing was requested by the EPA, not the Wisconsin DNR, in a letter of "Request to Provide Information Pursuant to the Clean Air Act" (dated 3/5/14). If you have any questions regarding the attached letter and associated sketches, please feel free to contact me.
